Mysterious Stone (Part 2)

There were so many mountains and peaks in the world, but it was just such a picture, so how could one tell?

Shang Jun narrowed his eyes slightly and through the screen, although it was blurry, he still recognized this place and solemnly said, "You Feng Mountain!" It was the saddest and most helpless moment, as he and Xiao Er lived in that mountain for a month, so he would never forget it.

He Shao Hua, who grew up in Tian Cheng City, also remembered after hearing what Shang Jun said and exclaimed, "Yes! It's You Feng Mountain!" No wonder he felt so familiar.

"If these two stones are the mysterious stones, then You Feng Mountain is where the Phoenix Coffin is located?!" After He Shao Hua finished speaking, he thought for a while, then immediately shook his head and said, "But You Feng Mountain is only three hundred miles away from Tian Cheng City. Although few people pass by there, it is not inaccessible. If the Phoenix Coffin was in such a place, wouldn't it have been discovered long ago?"

Shang Jun originally had such doubts. After all, he stayed there for so long and didn't find any abnormality. But after watching the scene just now, he believed that there were some mysterious things that ordinary people could not understand.

Shu Qing smiled and replied, "We don't have any clues about the mysterious stone around us, only these two exquisite jade pieces. Moreover, it has also attracted a lot of people to try to steal it, so it can be seen that there must be something mysterious. Jun's Master said that there is one person who can find it, and indeed only I can overlap it. If there are so many coincidences, I guess the exquisite jade should be the mysterious stone. Since it guides us to this place, we should give it a try.

Once she finished speaking, Shu Qing gently released her hand and the two pieces of exquisite jade that were close to each other immediately separated, and the clear image disappeared in an instant, as if it had never appeared.

The fantastic scene in front of them was enough to explain everything and no one could refute it.

Wei Na took the exquisite jades from Shu Qing's hand and while playing with them, she asked, "What mysterious stone and the Phoenix Coffin? Is it related to Mo Can?" Mo Can attached great importance to these two pieces of jade, saying that it was related to his life's past history. She only cared about whether the Phoenix Coffin that they were looking for had anything to do with Mo Can.

"The mysterious stone is the exquisite jade and the Phoenix Coffin is the place the mysterious stone guards." Looking at Mo Can, Shu Qing said softly, "Mo Can, if you want to know more about it, you might as well go and have a look."

Mo Can thought for a while before finally coldly replying, "Alright." Last night, Qin Xiu Zhi had already told him the reason why he was the owner of the exquisite jade. But he only said that year it was given to his father by a woman before giving birth and then the woman left, so he didn't know anything else. Maybe that Phoenix Coffin had the answer he needed.

"Qing Er, are you going too?"

Leaning against Xuanyuan Yi, Shu Qing sighed in a low voice, "This has been arranged by the heavens, so I have to go. Don't worry, it's only three hundred miles away, so we'll be there in a day."

Even if Xuanyuan Yi was reluctant to let her go in every possible way, Qing Er was the only one who could unite the exquisite jade, so she really had to go. With Shu Qing in his arms, Xuanyuan Yi could only comfort himself with the fact that the child and Qing Er were both very strong. Such twists and turns would eventually pass, as long as they were together.

Sitting upright on the edge of the bed, Shang Jun panted slightly and said, "If that's the case, let's set off early tomorrow morning."

Seeing how hard he was trying to sit up, Qi Feng Hua picked up the cushion and made him sit more comfortably. There were people outside the screen, so Qi Feng Hua could only bend down slightly and scolded in Shang Jun's ear, "Your injury is not healed yet, stay at home and you're not allowed to go anywhere."

Qi Feng Hua whispered and covered him with a thin quilt. Shang Jun suddenly stretched out his hand and tightly grabbed his sleeve! Qi Feng Hua was stunned, turned his head to look and saw Shang Jun was lowering his head. He (QFH) could not see his expression, but after a long time, his muffled voice came out softly, "I want to... see Master, I miss him... "

Darn it!!

He couldn't stand Xiao Jun's pitiful appearance!!

He was already prepared, so no matter what Xiao Jun said this time and even if he was angry with him, he would not let him take the risk of running around. But he forgot, Senior Brother was in the Phoenix Coffin, so how could Xiao Jun not go?!

The people outside the screen only heard chatter inside and after a while, they saw Qi Feng Hua walk out with a dejected face as he reluctantly said, "Alright everyone, get ready. We'll leave immediately tomorrow morning."
