I'm using she to refer to Shang Jun now even though the writer was still using the pronoun he in the original novel. 😊

Ch 153.1

Ruo Jun

Imperial study room

Long Yi Hai was wearing a black robe with golden silk patterns on his body, standing while he was reading a letter in front of him. The aura of a sovereign king filled the hall, as Shang Jun stood silently on the side with a calm heart. Long Qu Mu committed suicide when they rushed into the palace, because he was unwilling to be humiliated. So she failed to kill Long Qu Mu herself to avenge her parents, but the person was already dead, and this was finally over.

Staring at the indifferent person standing in front of him, Long Yi Hai asked hesitantly, "Are you really the daughter of General Wu?"

After a long time, Shang Jun replied softly, "Yes." After six years, she could finally admit again that she was the daughter of the Wu family! Wu Ruo Jun!

Long Yi Hai sighed softly, "Sure enough, tiger fathers will not produce any dogs." He never imagined that Shang Jun would actually be a woman. It was a pity, otherwise Cang Yue would have another famous general who could make a big impact in all directions.

Standing with his hands behind his back, Long Yi Hai laughed loudly, "Don't worry, during the enthronement ceremony tomorrow, this Emperor will exonerate and clear General Wu's name. General Wu will be conferred a posthumous title as the country's loyal and righteous general. Xiao Xiao will be conferred as Princess An Ping, and you..."

Shang Jun lamented in her heart that the things she was worried about were still happening. Taking a step forward, and before Long Yi Hai could finish speaking, Shang Jun replied leisurely, "Thank you, Your Majesty that you can return the Wu family's innocence, my parents would be able to rest their eyes peacefully now. But, Xiao Er and I just want to live an ordinary life. Please allow us."

She was leaving! Long Yi Hai frowned and asked in a low voice, "Then what are your plans?"

Shang Jun replied calmly, "Xiao Er and I are going back to Piao Miao manor."

Back to Piao Miao manor? Long Yi Hai raised his eyebrows slightly, and said, "Qin Xiu Zhi is the prince of Hai Yu, don't you plan to go to Hai Yu with him?"

Shang Jun hesitated for a while, and finally replied vaguely, "Maybe."

Well, maybe. More like definitely! Next to him was really crouching tiger, hidden dragon (lots of hidden talents). Murong Shu Qing, Xuanyuan Yi, and now Qin Xiu Zhi was actually the prince of

Hai Yu. Thinking about this, Long Yi Hai was startled, as he had seen the abilities of those people. Yes, they would all gather in Hai Yu. If Hai Yu was not willing to stick to their isolated island, he was afraid that the three other inland countries would not be peaceful at all.

Long Yi Hai's face became more and more gloomy, and Shang Jun sighed inwardly. The monarch in the world was all the same, when they were sitting in that position, their hearts became narrow. She took out a roll of cotton brocade from her sleeve, and Shang Jun presented it with both hands, "Shang Jun is here today, and has something for the Emperor."

Long Yi Hai took it in doubt and gently unfolded it...

Long Yi Hai's eyes lit up, and he exclaimed in surprise, "This is..." What a well-designed tunnel map and such a huge project.

Shang Jun smiled and replied, "Tian Cheng city's secret road map."

Tian Cheng city's secret road map? Was this... was it already constructed? Did such a huge project actually exist?! No wonder Murong Shu Qing was full of confidence, Xuanyuan Yi used his troops precisely, and with this secret passage, they could appear in almost any corner of the city!

The more he look at Shang Jun, the more amazed he was. Were all these done by Shang Jun? She was in Tian Cheng city and actually able to rebuild another (underground) Tian Cheng city. Long Yi Hai looked at Shang Jun, and her calm expression made Long Yi Hai calm down immediately, while he asked in a low voice, "Why do you want to hand it over?" When saving him, Shu Qing kept this secret from him. Why did she take it out now?!

Shang Jun replied indifferently, "To give the Emperor peace of mind."

Peace of mind? What was wrong with her?! Long Yi Hai was puzzled, but his face was still calm.

Shang Jun smiled at him and replied calmly, "I beg the Emperor to also give me peace of mind."

Long Yi Hai's eyes flickered slightly, while he was looking at the exquisite tunnel map in his hand, he said in a deep voice, "Shang Jun, do you know why this Emperor must kill those thieves who had been subdued on the way to Tian Cheng city?"

Shang Jun thought for a while and replied, "Because of the law."

"No." Long Yi Hai raised his head, saw Shang Jun's eyes, and said loudly, "It was because of you."

Because of him?! Shang Jun lightly frowned, but did not answer.
